Attached is the draft memo (as a copy and in sharable form). I'll incorporate your edits and suggestions and produce the next draft after 8:30 pm tonight.

Ex. 6 Personal Privacy (PP) informed me that staff is wondering how to proceed with their work in light of the allegations. In response, **I plan to meet with the NCD tomorrow at 12:30 pm to reinforce scientific integrity principles**, like preserving records and giving reasons for changes. Apart from looking backwards at the allegations themselves, this is another good opportunity for me to build the culture we want.

I might also be able to bring along OGC for a whistleblower protection refresher. Still working on that. I'll call in to our 5 pm DAA meeting (by phone) and will stay on the line to discuss next steps.
